

Stropcke Project

Praise the Lord, the first step for the construction of a multipurpose building in Stropcka was done. In November 2003, we could acquire the land, where we would like to construct a building for the glory of the Lord Jesus.

A year ago, God had touched many of His servants to gather their personal and church offerings. The sum gathered was around 30.000,00€, which was the needed money to buy the land.

The communist regime has built a bunker on this land; we want to destroy it and build a temple for the Glory of God and also make a place to help the people, instead. Unfortunately the population is still suffering the consequences of a system, that declared itself "atheist".

Our first task is to establish the Kingdom of God in this place and we are aware of the need to preach the Word of God, until these people find themselves in the Lord, Christ. However, at the same time, we can not ignore their visible needs. This is why, we would like to offer them some indispensable services that will help them have a more dignitary life.

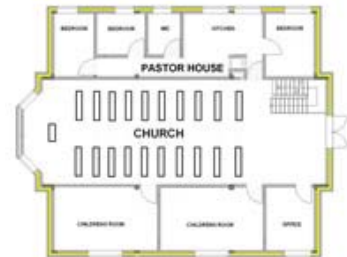

We are thinking of building some premises for social activities like:

- Kindergarten
- Clinic
- Sports ground
- Place for youth activities (A center for Royal Rangers or Pathfinders)
- Big room, bedrooms, kitchen and dinning room for different meetings

The other rooms will, of course, be:

- Sunday service room
- A pastor's flat
- An office
- A technical room

It will be a two storeys building each of 290 m², plus a central back upper room to be used as technical room. There will be a multipurpose sports ground (basketball, volleyball etc.) as well.

In order to reduce the running costs, we want to build according to modern technologies. The foundations, the outside walls and the ceilings will have an adequate thermo insulation. We also plan to install solar panels for the heating and for hot water.

The estimation of the total costs for the building is around 195.000,00 €. Considering our expenses in the future for every year that are:

- 1.000,00 € rent for the church in Stropcka
 - 3.500,00 € rent for the missionaries' flat
- it seems like a good investment.

We need YOU to make this project become true. The most important thing for us is your support in prayers, to defeat the enemy's opposition in the realisation of this project. At the same time, we would also need your financial support, no matter how big or small it can be, but given with joy and knowing that everything we give for the work of God is money invested in the best Bank of the universe with the highest interest rates.

May God bless you.
